Damage
- Kidneys**  
Damage
- Blood**  
Anemia

Understanding these risks, it becomes clear why removing PFOS, PFOA, and related compounds from drinking water is not just a service but a necessity for the health and well-being of our community.

Our advanced lead filtration systems are equipped to tackle these stubborn contaminants, ensuring that the water you love is not only pure but safe from these and other hazardous substances.

### Features

- ◆ NSF Certified to remove PFOS, PFOA, Lead, Cysts, Chlorine and Chloramine
- ◆ Reduction of unwanted bad taste and odor from potable drinking water
- ◆ Strategically designed nominal 0.5 micron filter to remove both forms of lead (soluble and particulate) from your house in a single filter
- ◆ Produces filtered water available from every tap throughout your home
- ◆ LED light notifications for filter replacement
- ◆ Full 1" MNPT plumbing connection with bypass and 3/8" PEX John Guest® Drain
- ◆ Large capacity filter configurations
- ◆ Multiple filtration solutions
- ◆ 100% non-metallic

### Additional Options

The post filtration system can be tailored to your specific needs by utilizing the following media cartridges:

- ◆ **Lead**
- ◆ **PFAS, PFOS**
- ◆ **Arsenic**

### Solutions for:

- Lead
- PFOA/PFOS
- Cysts

### Smart Meter Display

- The Real-time Dynamic LED provides you with a visual color-coded notification, letting you know when it's time to replace your filter

### Easy Filter Replacement

- The post filtration system uses state-of-the-art snap-ring technology to eliminate the need for cumbersome tools.
- Easily replace the filter in your post filtration system by following a few simple steps
- Cartridge Tank® makes it easy to access and remove the internal filtration solution.

### Customizable Flow Solutions

- Match the filtration solution with flow rate requirements

### Cost-Effective Design

- Lightweight and cost effective housing with high chemical compatibility

### Long-Lasting

- Extended service life of contaminant removal

### Standard Warranty

(Parts/Labor)  
5yr/1yr
